What an exciting time in life, the future is full of possibilities. As you take that step into adulthood, let High Gate Gallery create images you will cherish for the rest of your life. We photograph high school seniors in a style that is contemporary and classic. By using a number of backdrops and personal props, we capture one's personality in a unique and timeless way. Outdoor backgrounds include the studio gardens, the historic and beautiful Missouri River, and areas around the entire town of Rocheport.
